

JOB TITLE: Back End Developer
DEPARTMENT: Information Technology, Worldsource Wealth Management Inc. (“WWM”)
REPORTS TO: Director, Business Systems and Development
LOCATION: Vancouver, BC (or remote from within Canada)

JOB STATEMENT:

Working in a fast-paced fintech environment, this experienced individual will be a valued member of the development team to create a hybrid advice platform for use within WWM. The team will leverage ModernAdvisor’s existing robo advice proprietary technology to create an end-to-end digital experience for clients. The successful candidate will be involved in the initial design and development of systems that will integrate directly with downstream systems (such as Dataphile) to provide functionality such as account onboarding and client updates. This role will work alongside the development team and Business Analysts to ensure project delivery commitments.

ESSENTIAL FUNCTIONS:

- Designing RESTful APIs for use within multiple applications;
- Developing back-end APIs for our web and mobile apps;
- Interacting with business teams to further understand requirements;
- Documenting API functionality;
- Integrating third party APIs;
- Creating the automated test suites to ensure quality and correctness of functionality;
- Deploying and supporting all applications on AWS; and
- Providing project updates and metrics to Managers on regular basis.

JOB SPECIFICATIONS:

- A bachelor’s degree in computer science or related field
- 5 + years of experience as a software developer
- Familiarity with MVC frameworks such as Ruby on Rails, Spring MVC or ASP.NET MVC
- Experience in developing RESTful APIs
- Experience using Git and Github
- Excellent English written and verbal communication skills
- Strong organizational skills and attention to detail
- Experience in any of the following will be considered an asset:
 - Finance and investments knowledge
 - Work experience in Fintech
 - Modern Javascript frameworks like AngularJS, Angular, React, etc.
 - Ruby on Rails
 - Dataphile API or system
 - Database design and administration using MySQL
 - AWS - environment setup, deployment, administration

COMPENSATION:

Commensurate with experience

If you are interested in applying for this position, please forward a cover letter and resume in confidence to hr@worldsourcewealth.com.

Worldsource is committed to accessibility in employment and to ensuring equal access to employment opportunities for candidates, including persons with disabilities. In compliance with AODA, Worldsource will endeavour to provide reasonable accommodation to persons with disabilities in the recruitment process upon request. If you are selected for an interview and you require accommodation due to disability during the recruitment process, please notify the hiring manager upon scheduling your interview.

We thank all applicants for their interest but only those selected for an interview will be contacted.
